# FAQs

---

**Terms of use:** [document link]

**Expiration date:**

The date on the document is relevant. Documents are refreshed on a daily schedule. You are encouraged to access them frequently. The date and time of production is printed on each page.

**Links:**

The reports typically contain a link to the Governments document.

**Reliability and Content:**

You must accept the "Terms of Use" above in the User Agreement provided to the public as the conditions for use. If you do not accept the Terms of Use then do not use this document and other resources on the site.

Data that this document is created from originates at the Government Printing Office. I encourage you to verify content that is important for your application with data from the GPO as they are the actual authority for Government data. These documents are generated up to four times daily using the most current data available. It is the objective of this project to produce an easy to understand, simple to use source for current data on the activities of the Congress.

**Things to know:**

Voice Votes are not recorded. Bills may pass with no record of the event. Usually associated with minor Bills or Measures (see Glossary).

**Contributions:**

Contributions will be accepted in the form of constructive suggestions and of course money. The URL for your suggestions and comments is below.

Communicate with developer.

# FAQs

## Important for Adobe users:

Adobe software for handheld devices is designed to automatically store the PDF document to your device once it is retrieved from the web.

The reports from the website are generated four times per day with the most current information.

Users linking to the document on the web will always get the most current version of the document except when they use certain software.

This is a problem. With Adobe the document is automatically stored on your device. Not a link but the physical document itself which means that the next time you open the new document from the link on the web you will see the old document that is stored on your device.

To remedy this you will have to periodically clear the old document stored on your device in order to view the new document from the web.

Communicate with developer.

# Glossary

---

## **House Bill (HR) and Senate Bill (S)**

A bill is a legislative proposal before Congress. Bills from each house are assigned a number in the order in which they are introduced, starting at the beginning of each Congress (first and second sessions). Public bills pertain to matters that affect the general public or classes of citizens, while private bills pertain to individual matters that affect individuals and organizations, such as claims against the Government.

## **House Joint Resolution (HJRES) and Senate Joint Resolution (SJRES)**

A joint resolution is a legislative proposal that requires the approval of both houses and the signature of the President, just as a bill does. Resolutions from each house are assigned a number in the order in which they are introduced, starting at the beginning of each Congress (first and second sessions). There is no real difference between a bill and a joint resolution. Joint resolutions generally are used for limited matters, such as a single appropriation for a specific purpose. They are also used to propose amendments to the Constitution. A joint resolution has the force of law, if approved. Joint resolutions become a part of the Constitution when three-quarters of the states have ratified them; they do not require the President's signature.

## **House Concurrent Resolution (HCONRES) and Senate Concurrent Resolution (SCONRES)**

A concurrent resolution is a legislative proposal that requires the approval of both houses but does not require the signature of the President and does not have the force of law. Concurrent resolutions generally are used to make or amend rules that apply to both houses. They are also used to express the sentiments of both of the houses. For example, a concurrent resolution is used to set the time of Congress' adjournment. It may also be used by Congress to convey congratulations to another country on the anniversary of its independence.

---

# Glossary

---

## **House Simple Resolution (HRES) and Senate Simple Resolution (SRES)**

A simple resolution is a legislative proposal that addresses matters entirely within the prerogative of one house or the other. It requires neither the approval of the other house nor the signature of the President, and it does not have the force of law. Most simple resolutions concern the rules of one house. They are also used to express the sentiments of a single house. For example, a simple resolution may offer condolences to the family of a deceased member of Congress, or it may give "advice" on foreign policy or other executive business.
